**RE: Reconnaissance Level Characterization Report (RLCR) for Tents 7, 8, and 9, and Pads 902 and 904 - Concurrence**

Dear Mr. Legare:

The Colorado Department of Public Health and Environment, Hazardous Materials and Waste Management Division has reviewed the RLCR for the 904 Pad Closure Project (902 Pad & Tent 7, and 904 Pad and Tents 8 and 9), Revision 0 dated November 2, 2001, which was received on December 26, 2001. Based on a review of the information contained in the RLCR and the supplemental information provided, we are hereby concurring with the Type 1 designation for Tents 7, 8, and 9, and a Type 2 designation for Pads 902 and 904.

Although Tents 7, 8, and 9 are identified as Type 1 Facilities, it is recognized that they are still in use, and that additional investigations, a PDS, will be performed after use and prior to demolition or sale. The consultative process should be utilized to acquire and provide the additional information prior to final disposition of these facilities.

If you have any questions regarding this correspondence please contact me at (303) 692-3367 or David Kruchek at (303) 692-3328.

Sincerely,

Steven H. Gunderson  
RFCA Project Coordinator
